RICHA MADHUPRIYA

WORK EXPERIENCE

Product Development Engineer I (Phenom | Hyderabad)

August 2021 – Till Date

- Working as an angular developer to develop a low-code platform to create forms and workflows which can be utilized by the engineers with basic technical skills.
- Worked extensively on refactoring of components in the existing product in order to enhance the re-usability and configurability.

Associate Consultant (Capgemini | Hyderabad)

June 2020 – August 2021

- Worked on an insurance project creating/maintaining frontend component allowing end users to manage the insurance policies, while I was a subject matter expert for multiple key modules.
- Worked on optimization of the existing components which included code size reduction, code modularizations to convert the repeated code into reusable components

Software Engineer (Capgemini | Hyderabad)

June 2018 – May 2020

- Worked on an employee management system to create an interactive application to perform CRUD operations on the employee details.

EDUCATION

Lovely Professional University, Jalandhar, Punjab, India

July 2014 – May 2018

Chinmaya Vidyalaya, Bokaro Steel City, Jharkhand, India

May 2011 – March 2013

ACCOMPLISHMENTS

- Nominated for Rising Star and Star of the Month awards.
- Led a team of peers for internal POC projects working on a prototype of social networking site.
